

## **Elite Healthcare**

**Physical Medicine**

**For our patients:**

**We don't believe in surprises here at Elite Healthcare, which is why we believe that you have the right to a "good faith estimate" explaining how much your treatment plan will cost.**

**For your first visit, all costs will be discussed with the office manager before your exam starts, so that you are aware of what will be due at the end of the visit.**

**During your second visit, your treatment plan will be discussed in detail, including the out of pocket cost to you for the entire plan.**

**You are always encouraged to ask questions about your time here with us, whether it be about your treatment or any costs associated with it.**

**We appreciate the opportunity to partner with you in your health, and look forward to working closely with you as we journey towards wellness!**
